### BACKGROUND

Share wine from this practical, economical and convivial 3L barrel of a wonderful Languedoc red wine!

Originally, estate-owner Gérard Bru decided to customise real oak barrels, leaving each artist the freedom to express their creativity. These Bib'Arts are mini metal 3L barrels faithfully reproduced using the original model. Under vacuum and protected from light, these stylish barrels have a shelf life of several weeks.

Please note that the Bib'Art barrel designs are randomly assigned so we cannot guarantee any particular design.
