13

GRAPE VARIETY

Merlot

PRODUCER INFORMATION

In the extension of the hills of St Emilion about twenty kilometers from Bergerac, the vineyards of Montravel cling to hills bathed in sunlight. The estate takes its name from the locality, which means Summit (Puy), windy or served by the wind (Servain). The vines that undulate on the slopes of these hills enjoy particularly favorable sunshine. The ideally drained soils cling to a limestone base that favours the minerality of the wines.
